

PIYUSH GUPTA

Jaipur, Rajasthan

☎ (+91)8824637955 ✉ piyushgupta.it26@gmail.com 🌐 /in/piyush-gupta 🎧 /piyushg8824

Objective

To work as a full-stack developer, building secure, scalable, and user-friendly applications from concept to deployment. I aim to deliver innovative solutions that combine robust back-end systems with engaging front-end experiences, driving meaningful impact through technology.

Education

Jaipur Engineering College and Research Centre

B.Tech in Information Technology, CGPA: 7.91

2022 – Present

Jaipur, Rajasthan

Technical Skills

Languages: C, C++, HTML, CSS, JavaScript

Libraries: React.js

Database Management: MySQL

Developer Tools: VS Code, Git/GitHub

Core Concepts: Data Structures and Algorithms, Object Oriented Programming, Database Management Systems

Projects

E-commerce 🛒 | *HTML5, CSS3, Javascript, React.js*

July 2025

- Developed dynamic and responsive e-commerce frontends using React.js
- Implemented key features such as product catalog, shopping cart, checkout process, and order tracking using React, Redux, and React Router
- Optimized performance with lazy loading, code splitting, and memoization, reducing initial load time by up to 40

Recipe Finder 🍴 | *HTML5, CSS3, Javascript, React.js*

October 2024

- Ingredient-based recipe search using external APIs. Real-time recipe detail view with preparation steps and nutrition facts
- Designed clean UI components for optimal UX using modern CSS techniques and component libraries
- Fully responsive and optimized for mobile devices

Internship

CipherByte Technologies

August 2024 – September 2024

Frontend Developer Intern

Jaipur, Rajasthan

- Contributed to real-world frontend development projects, gaining practical exposure to building scalable user-facing applications
- Developed and optimized responsive user interfaces using HTML, CSS, and JavaScript, ensuring seamless browser compatibility
- Strengthened foundational knowledge in web development, version control (Git), and modern development workflows
- Built a strong foundation for transitioning into full-stack and data-driven development roles

Certifications

Completed a job simulation in **Deloitte Australia's** Technology division on Forage.

Jun 2025

Extracurricular

National Service Scheme

May 2023 – Present

Active Member

- Organized and participated in cleanliness drives and blood donation camps promoting health, hygiene, and environmental sustainability.
- Worked closely with the management team as a graphic designer, delivering visuals under time constraints to support smooth event planning.
- Engaged in regular team meetings to strengthen my skills and readiness for community outreach initiatives.
